

The webpage this document was printed/exported from can be found at the following URL:
<https://www.cpalms.org//PreviewCourse/Preview/22686>

The purpose of this course is to develop and enhance behaviors that influence healthy lifestyle choices, student health and physical fitness. The full benefit of this course is achieved when students are taught using a comprehensive approach.

In addition to the physical education content, specific health education topics within this course include, but are not limited to:

- Injury Prevention and Safety
- Internet Safety
- Nutrition
- Personal Health
- Prevention and Control of Disease
- Substance Use and Abuse Prevention
- Awareness of the Benefits of Abstinence
- Prevention of Teen Dating Violence and Abuse
- Resiliency Education

HOPE-Physical Education (Core) (#3026010)

Version: 2024 - And Beyond (current)

Course Standards

Visit the specific benchmark webpage to find related instructional resources.

- [HE.912.CEH.2.1](#): Assess how the school and community can affect personal health practices and behaviors.

Clarifications:

Clarification 1: Instruction includes impact of required health education and healthcare screenings.

Clarification 2: Instruction includes enforcement of “no tolerance” policies related to violence.

Clarification 3: Instruction includes automated external defibrillator availability and training.

- [HE.912.CEH.2.2:](#) Evaluate how public health policies and government regulations can influence health promotion and disease prevention.

Examples:

Example: Seat belt laws, emergency drills, underage alcohol sales.

- [HE.912.CEH.2.3:](#) Propose strategies to avoid risks on social media and the internet.

Examples:

Example: Limiting screen time to under two hours a day to avoid physical health risks, reporting messages from unknown senders, not sharing personal information online.

- [HE.912.CEH.2.6:](#) Analyze how culture supports and challenges health beliefs, practices, and behaviors.

Clarifications:

Clarification 1: Instruction includes a variety of cultural dietary patterns, rites of passage, family roles, parenting styles, and ethics.

- [HE.912.CEH.2.7:](#) Analyze how the perceptions of norms influence healthy and unhealthy behaviors.

Clarifications:

Clarification 1: Instruction includes validating and analyzing perceptions of societal norms regarding drug use, violence, sexual activity, and teen-driving safety.

Clarification 2: Instruction includes substance use and binge drinking due to peer pressure.

- [HE.912.CEH.2.8:](#) Evaluate how the social determinants of health impact a community’s health, wellbeing, and quality of life.

Clarifications:

Clarification 1: Instruction includes how barriers affect community health outcomes.

Examples:

Example: Low birth rates, higher obesity rates, higher mortality rates, higher rates of disease due to contributing factors.

- [HE.912.CEH.3.3](#): Formulate alternatives to community health-related issues or problems.

Examples:

Example: Obesity, food deserts, lack of prenatal care, drug abuse.

- [HE.912.CEH.3.4](#): Appraise the potential short-term and long-term outcomes of alternative solutions to community health-related issues or problems.

Examples:

Example: Related to lack of prenatal care, a short-term outcome may include more live births and a long-term outcome may include decrease in infant mortality.

- [HE.912.CEH.3.6](#): Design a campaign promoting health literacy that would result in a variety of positive health and quality of life outcomes.

Examples:

Example: Brochures, posters, public service announcements that promote healthy behavior outcomes.

- [HE.912.CEH.4.1](#): Develop a resource that influences and supports others in making positive health choices.

Examples:

Example: Positive health choices may include safe driving practices, cardiopulmonary resuscitation certification, recognizing signs of teen dating violence/abuse.

- [HE.912.CEH.4.2](#): Demonstrate leadership skills by advocating for personal, family, and community health.

Examples:

Example: Writing to government agencies, lead a student group, meet with community leaders.

- [HE.912.CH.1.2](#): Describe resources or services that facilitate achieving personal health goals.

Examples:

Example: Healthcare services, fitness centers, healthy food options.

- [HE.912.CH.3.1](#): Authenticate the validity of health information and resources.

Clarifications:

Clarification 1: Instruction includes using valid and reliable resources.

- [HE.912.PHC.1.1](#): Evaluate personal health practices and overall health status to include all dimensions of health.

Clarifications:

Clarification 1: Instruction includes evaluating personal strengths, physical fitness, peer relationships, and personal hygiene.

Clarification 2: Instruction includes evaluating disease and injury prevention practices.

- [HE.912.PHC.1.2](#): Analyze personal strategies for prevention, detection, and treatment of communicable and chronic diseases

Clarifications:

Clarification 1: Instruction includes prevention, detection, and treatment of cancer, obesity, heart disease, respiratory disease, neurological disease, sexually transmitted infections (STI), and additional diseases.

- [HE.912.PHC.1.3](#): Analyze the role of individual responsibility in enhancing health.

Clarifications:

Clarification 1: Instruction includes food choices, media use, lifestyle choices, stress management, and the individual responsibility for health protection.

- [HE.912.PHC.1.4](#): Interpret the significance of interrelationships in mental and physical health.

Clarifications:

Clarification 1: Instruction includes interrelationships between mental and physical health and substance use and abuse behaviors.

Clarification 2: Instruction includes the positive health impact of healthy relationships with friends and family.

Clarification 3: Instruction includes correlation between body image and relationships with food.

Clarification 4: Instruction includes correlation between stress and anger management and overall health.

- [HE.912.PHC.2.1:](#) Evaluate how the influences of social media affect physical and/or mental health, and the ability to make healthy choices.

Clarifications:

Clarification 1: Instruction includes body image, dietary habits, cyberbullying, and online support presence.

Clarification 2: Instruction includes prevention of human trafficking by maintaining personal security.

Clarification 3: Instruction includes identification of predatory behavior on the internet.

- [HE.912.PHC.2.3:](#) Analyze how friends and peers influence the health of individuals.

Clarifications:

Clarification 1: Instruction includes impact of peer relationships on health decisions and behaviors.

- [HE.912.PHC.2.4:](#) Analyze how family and culture influence the health of individuals.

Clarifications:

Clarification 1: Instruction includes impact of family and culture on health decisions and behaviors.

- [HE.912.PHC.2.5:](#) Analyze how heredity and family history can impact personal health.

Clarifications:

Clarification 1: Instruction includes genetic conditions such as substance abuse, family obesity, heart disease, and mental illness.

- [HE.912.PHC.2.6:](#) Predict how healthy behaviors can affect health status.

Examples:

Example: Eating healthy foods, safe driving practices, building healthy relationships, health prevention practices, abstinence.

- [HE.912.PHC.2.7:](#) Evaluate the influence of personal values, attitudes, and beliefs about individual health practices and behaviors.

Clarifications:

Clarification 1: Instruction includes social conformity, self-discipline, and impulse versus delayed gratification.

- [HE.912.PHC.2.9:](#) Analyze the impacts of technology and social media on popular culture and personal life.

Clarifications:

Clarification 1: Instruction includes impact of “influencers” and trends/challenges relating to mental and physical health.

Clarification 2: Instruction includes how interactions such as “comments,” “saves,” “likes,” and “shares” on social media can increase the release of dopamine in the brain, similar to other addictive behaviors.

- [HE.912.PHC.3.1:](#) Determine the value of applying a thoughtful decision making process in health-related situations.

Clarifications:

Clarification 1: Instruction includes defining healthy boundaries in relationships.

Clarification 2: Instruction includes prevention and decision making in scenarios involving peer pressure, substance use, and sexual activity/family planning.

- [HE.912.PHC.3.2:](#) Assess whether individual or collaborative decision making is needed to make a healthy decision.

Clarifications:

Clarification 1: Instruction includes planning a post-high school career.

Clarification 2: Instruction includes considering the severity of the situation and personal skills.

Clarification 3: Instruction includes considering when someone is a danger to self or others.

- [HE.912.PHC.3.3:](#) Identify protective factors that help to mitigate the risks of suicide and mental health disorders.

Clarifications:

Clarification 1: Instruction includes how protective factors promote positive health and well-being.

Examples:

Example: Healthy relationships, sense of belonging, support system.

- [HE.912.PHC.3.4:](#) Recognize the signs, symptoms and how to seek treatment or support for mental health disorders.

Clarifications:

Clarification 1: Instruction includes signs and symptoms of mental health disorders, such as dramatic changes to sleeping, eating and behavior patterns, loss of energy, withdrawal from others, increased difficulty with solving problems.

Clarification 2: Instruction includes accessing support or referral for treatment through school resources, such as school counselors, school nurses, school psychologists, and school social workers.

Examples:

Example: Mental health disorders include anxiety, depression, post-traumatic stress disorder, bipolar disorder.

- [HE.912.PHC.3.7:](#) Assess the degree of susceptibility to injury, illness, or death if engaging in unhealthy/risky behaviors.

Clarifications:

Clarification 1: Instruction includes risks associated with alcohol and substance abuse, distracted driving, negative peer groups.

Clarification 2: Instruction includes risk of chronic disease due to lack of hygiene practices.

Clarification 3: Instruction includes risk of teenage pregnancy, sexually transmitted infections (STI) and abstinence as the expected standard.

- [HE.912.PHC.3.8:](#) Formulate a plan to attain a personal health goal that addresses strengths, needs, barriers, and risks.

Clarifications:

Clarification 1: Instruction includes using methods such as a SWOT (strengths, weaknesses, opportunities, and threats) analysis or SMART (specific, measurable, achievable, realistic, and timely) goals.

Clarification 2: Instruction includes setting realistic expectations for oneself and others.

- [HE.912.PHC.3.9:](#) Implement strategies and monitor progress in achieving a personal health goal.

Clarifications:

Clarification 1: Instruction includes stress management such as exercising, coping skills, and talking with a friend or trusted adult.

Clarification 2: Instruction includes using health apps, logs, and journals.

Clarification 3: Instruction includes finding support when needed.

- [HE.912.PHC.3.10:](#) Evaluate healthy practices and behaviors that will maintain or improve health and reduce health risks, including reproductive health.

Clarifications:

Clarification 1: Instruction includes lifestyle choices to include substance use and abuse, a healthy diet, physical activity, and abstinence from sexual behavior.

Clarification 2: Instruction includes riding in a car with impaired drivers.

Clarification 3: Instruction includes seeking and maintaining healthy relationships.

Clarification 4: Instruction includes seeking services for physical and mental health when needed.

- [HE.912.PHC.4.2:](#) Propose strategies to reduce or prevent injuries and health problems.

Clarifications:

Clarification 1: Instruction includes safe driving practices, not entering restricted territory, and additional safety practices.

Clarification 2: Instruction includes refusal skills and healthy relationship skills.

- [HE.912.PHC.4.3:](#) Develop strategies to combat cyberbullying and online harassment.

Examples:

Example: Social media campaign for mental health, reporting online harassment and suspicious behavior, spreading awareness.

- [HE.912.R.1.1:](#) Demonstrate effective and respectful communication skills and strategies.

Clarifications:

Clarification 1: Instruction includes differing opinions.

- [HE.912.R.1.3:](#) Adjust behavior to respect the needs of others.
- [HE.912.R.2.2:](#) Analyze different perspectives to inform responsible decision-making.
- [HE.912.R.2.3:](#) Formulate a plan to attain a personal goal that addresses strengths, needs, and risks.
- [HE.912.R.2.4:](#) Implement strategies and monitor progress in achieving a personal goal.
- [HE.912.R.2.5:](#) Formulate an effective long-term plan to include all dimensions of wellness.
- [HE.912.R.2.6:](#) Analyze how actions and reactions can influence one to respond in different situations.

Clarifications:

Clarification 1: Instruction includes emotions not governing behavior.

- [HE.912.R.2.7:](#) Evaluate strategies that assist with managing challenges or setbacks.

Clarifications:

Clarification 1: Instruction includes time management, setting boundaries, setting realistic goals, self-care.

- [HE.912.R.4.1:](#) Analyze the importance of character and grit to achieve successful outcomes.
- [HE.912.R.4.2:](#) Generate and apply alternative solutions when solving problems or resolving conflict.
- [HE.912.R.4.3:](#) Describe ways to anticipate, avoid or de-escalate conflicts.

- [HE.912.R.4.4:](#) Identify the importance of perseverance when facing difficulty solving a problem.
- [HE.912.SUA.1.1:](#) Differentiate between various levels of alcohol consumption and its effects on the body.

Examples:

Example: Standard drink vs. excessive/heavy/binge drinking, effects on blood alcohol concentration.

- [HE.912.SUA.1.2:](#) Analyze how moderate and excessive alcohol consumption can contribute to risky, unsafe behaviors and consequences.

Clarifications:

Clarification 1: Instruction includes driving under the influence and fetal alcohol syndrome.

- [HE.912.SUA.1.3:](#) Analyze the long-term health risks associated with alcohol misuse including physical and neurological damage.

Clarifications:

Clarification 1: Neurological damage can include learning, memory, mental health and brain development.

Clarification 2: Physical damage may include liver disease, cancer, cardiovascular disease, and other organ damage.

- [HE.912.SUA.1.4:](#) Analyze how alcohol, marijuana/THC, tobacco, nicotine, and/or drug use can impede goals, activities, achievements, and college and career readiness.
- [HE.912.SUA.1.5:](#) Analyze the physical, mental, social and legal consequences of marijuana/THC use.

Clarifications:

Clarification 1: Instruction includes psychological aspects, drug misuse, dependency and addiction.

- [HE.912.SUA.1.7:](#) Differentiate between the three major categories of prescription drugs and describe the purposes and side effects.

Clarifications:

Clarification 1: Instruction includes opioids, stimulants, and depressants.

- [HE.912.SUA.1.8:](#) Analyze signs and symptoms of prescription drug and/or illicit drug misuse and overdose.

Clarifications:

Clarification 1: Instruction includes short- and long-term effects of prescription drug use on an individual's health.

- [HE.912.SUA.1.9:](#) Summarize the risks and consequences of misusing and sharing prescription drugs and/or illicit drugs.

Clarifications:

Clarification 1: Instruction includes physical, mental, social, performance, and legal consequences.

- [HE.912.SUA.1.10:](#) Analyze the short- and long-term physical, psychological, financial, and social consequences of tobacco, nicotine use, and/or vaping.

Clarifications:

Clarification 1: Instruction includes psychological consequences such as anxiety and depression.

Clarification 2: Instruction includes financial impacts such as the long-term impact on personal financial goals, and avoidable cost of tobacco-related illnesses to society.

- [HE.912.SUA.2.2:](#) Distinguish how external factors, including industry practices, can influence behaviors related to tobacco, nicotine use, and/or vaping.

Clarifications:

Clarification 1: Instruction includes perceptions of norms, media advertising, and portrayals in media.

Clarification 2: Instruction includes tobacco or vaping industry practices involving efforts to attract youth and counter public health protections.

- [HE.912.SUA.3.1:](#) Discuss valid, reliable school and community resources where an individual can seek help for issues related to alcohol and/or other drug misuse and/or abuse.

Clarifications:

Clarification 1: Instruction includes immediate and long-term issues related to alcohol and/or other drug misuse and/or abuse.

- [HE.912.SUA.3.3:](#) Evaluate the accessibility of effective nicotine cessation products and services.

Clarifications:

Clarification 1: Instruction includes available nicotine cessation products/services and barriers to access such as transportation, cost, phone/web access.

- [HE.912.SUA.5.1](#): Plan how to effectively ask for help if a person in your immediate environment experiences a problem with alcohol and/or other drugs.

Clarifications:

Clarification 1: Instruction includes asking family, guardians, caregivers, teachers, and school counselors.

- [HE.912.SUA.5.2](#): Utilize current, accurate data/information to formulate a health-enhancing message to effectively persuade others to be drug and alcohol free.
- [HE.912.SUA.5.3](#): Propose strategies for prevention, detection and treatment options for youth who misuse, are dependent on or are addicted to alcohol, marijuana/THC, nicotine, tobacco, vaping, and other drugs.
- [PE.912.C.2.6](#): Compare and contrast the health-related benefits of various physical activities.
- [PE.912.C.2.7](#): Evaluate the effectiveness of specific warm-up and cool-down activities.
- [PE.912.C.2.8](#): Differentiate between the three different types of heat illnesses associated with fluid loss.
- [PE.912.C.2.9](#): Explain the precautions to be taken when exercising in extreme weather and/or environmental conditions.
- [PE.912.C.2.10](#): Analyze long-term benefits of regularly participating in physical activity.
- [PE.912.C.2.11](#): Explain how each of the health-related components of fitness are improved through the application of training principles.
- [PE.912.C.2.12](#): Compare and contrast aerobic versus anaerobic activities.
- [PE.912.C.2.13](#): Document food intake, calories consumed and energy expended through physical activity and analyze the results.
- [PE.912.C.2.14](#): Compare and contrast the skill-related components of fitness used in various physical activities.
- [PE.912.C.2.15](#): Calculate individual target heart-rate zone and analyze how to adjust intensity level to stay within the desired range.
- [PE.912.C.2.16](#): Explain the methods of monitoring levels of intensity during aerobic activity.

- [PE.912.C.2.17](#): Assess physiological effects of exercise during and after physical activity.
- [PE.912.C.2.18](#): Differentiate between fact and fallacy as it relates to consumer physical fitness products and programs.
- [PE.912.C.2.22](#): Explain the skill-related components of fitness and how they enhance performance levels.
- [PE.912.C.2.23](#): Apply appropriate technology and analyze data to evaluate, monitor and/or improve performance.
- [PE.912.C.2.25](#): Analyze and evaluate the risks, safety procedures, rules and equipment associated with specific course activities.
- [PE.912.C.2.27](#): Compare and contrast how movement skills from one physical activity can be transferred and used in other physical activities.
- [PE.912.L.3.1](#): Participate in a variety of physical activities to meet the recommended number of minutes of moderate to vigorous physical activity beyond physical education on five or more days of the week.
- [PE.912.L.3.2](#): Participate in a variety of activities that promote the health-related components of fitness.
- [PE.912.L.3.3](#): Identify a variety of activities that promote effective stress management.
- [PE.912.L.3.4](#): Identify the in-school opportunities for participation in a variety of physical activities.
- [PE.912.L.3.5](#): Identify the community opportunities for participation in a variety of physical activities.
- [PE.912.L.3.6](#): Identify risks and safety factors that may affect physical activity throughout life.
- [PE.912.L.4.1](#): Design a personal fitness program.
- [PE.912.L.4.2](#): Identify ways to self-assess and modify a personal fitness program.
- [PE.912.L.4.3](#): Identify strategies for setting goals when developing a personal fitness program.
- [PE.912.L.4.4](#): Use available technology to assess, design and evaluate a personal fitness program.
- [PE.912.L.4.5](#): Apply the principles of training to personal fitness goals.
- [PE.912.L.4.6](#): Identify health-related problems associated with low levels of cardiorespiratory endurance, muscular strength and endurance, flexibility and body composition.

- [PE.912.L.4.7](#): Evaluate how to make changes in an individual wellness plan as lifestyle changes occur.
- [PE.912.M.1.12](#): Select and perform complex movements using a variety of equipment which lead to improved or maintained muscular strength and endurance.
- [PE.912.M.1.13](#): Perform a student-designed cardiorespiratory enhancing workout.
- [PE.912.M.1.14](#): Utilize technology to assess, enhance and maintain health and skill-related fitness levels.
- [PE.912.M.1.15](#): Select and apply sport/activity specific warm-up and cool-down techniques.
- [PE.912.M.1.16](#): Apply the principles of training and conditioning to accommodate individual needs and strengths.
- [PE.912.M.1.17](#): Demonstrate basic cardiopulmonary resuscitation (CPR) procedures.
- [PE.912.M.1.19](#): Use correct body alignment, strength, flexibility and coordination in the performance of technical movements.
- [PE.912.M.1.33](#): Practice complex motor activities in order to improve performance.
- [PE.912.M.1.34](#): Demonstrate use of the mechanical principles as they apply to specific course activities.
- [PE.912.M.1.35](#): Select proper equipment and apply all appropriate safety procedures necessary for participation.
- [PE.912.R.5.2](#): Develop strategies for including persons of diverse backgrounds and abilities while participating in a variety of physical activities.
- [PE.912.R.5.3](#): Demonstrate sportsmanship during game situations.
- [PE.912.R.5.4](#): Maintain appropriate personal, social and ethical behavior while participating in a variety of physical activities.
- [PE.912.R.5.5](#): Demonstrate appropriate etiquette, care of equipment, respect for facilities and safe behaviors while participating in a variety of physical activities.
- [PE.912.R.6.1](#): Discuss opportunities for participation in a variety of physical activities outside of the school setting that contribute to personal enjoyment and the attainment or maintenance of a healthy lifestyle.
- [PE.912.R.6.2](#): Analyze physical activities from which benefits can be derived.
- [PE.912.R.6.3](#): Analyze the roles of games, sports and/or physical activities in other cultures.

- **MA.K12.MTR.1.1: Actively participate in effortful learning both individually and collectively.**

Mathematicians who participate in effortful learning both individually and with others:

- Analyze the problem in a way that makes sense given the task.
- Ask questions that will help with solving the task.
- Build perseverance by modifying methods as needed while solving a challenging task.
- Stay engaged and maintain a positive mindset when working to solve tasks.
- Help and support each other when attempting a new method or approach.

Clarifications:

Teachers who encourage students to participate actively in effortful learning both individually and with others:

- Cultivate a community of growth mindset learners.
- Foster perseverance in students by choosing tasks that are challenging.
- Develop students' ability to analyze and problem solve.
- Recognize students' effort when solving challenging problems.

- **MA.K12.MTR.2.1: Demonstrate understanding by representing problems in multiple ways.**

Mathematicians who demonstrate understanding by representing problems in multiple ways:

- Build understanding through modeling and using manipulatives.
- Represent solutions to problems in multiple ways using objects, drawings, tables, graphs and equations.
- Progress from modeling problems with objects and drawings to using algorithms and equations.
- Express connections between concepts and representations.

- Choose a representation based on the given context or purpose.

Clarifications:

Teachers who encourage students to demonstrate understanding by representing problems in multiple ways:

- Help students make connections between concepts and representations.
- Provide opportunities for students to use manipulatives when investigating concepts.
- Guide students from concrete to pictorial to abstract representations as understanding progresses.
- Show students that various representations can have different purposes and can be useful in different situations.

• **MA.K12.MTR.3.1: Complete tasks with mathematical fluency.**

Mathematicians who complete tasks with mathematical fluency:

- Select efficient and appropriate methods for solving problems within the given context.
- Maintain flexibility and accuracy while performing procedures and mental calculations.
- Complete tasks accurately and with confidence.
- Adapt procedures to apply them to a new context.
- Use feedback to improve efficiency when performing calculations.

Clarifications:

Teachers who encourage students to complete tasks with mathematical fluency:

- Provide students with the flexibility to solve problems by selecting a procedure that allows them to solve efficiently and accurately.
- Offer multiple opportunities for students to practice efficient and generalizable methods.
- Provide opportunities for students to reflect on the method they used and determine if a more efficient method could have been used.

• **MA.K12.MTR.4.1: Engage in discussions that reflect on the mathematical thinking of self and others.**

Mathematicians who engage in discussions that reflect on the mathematical thinking of self and others:

- Communicate mathematical ideas, vocabulary and methods effectively.
- Analyze the mathematical thinking of others.
- Compare the efficiency of a method to those expressed by others.
- Recognize errors and suggest how to correctly solve the task.
- Justify results by explaining methods and processes.
- Construct possible arguments based on evidence.

Clarifications:

Teachers who encourage students to engage in discussions that reflect on the mathematical thinking of self and others:

- Establish a culture in which students ask questions of the teacher and their peers, and error is an opportunity for learning.
- Create opportunities for students to discuss their thinking with peers.
- Select, sequence and present student work to advance and deepen understanding of correct and increasingly efficient methods.
- Develop students' ability to justify methods and compare their responses to the responses of their peers.

• **MA.K12.MTR.5.1: Use patterns and structure to help understand and connect mathematical concepts.**

Mathematicians who use patterns and structure to help understand and connect mathematical concepts:

- Focus on relevant details within a problem.
- Create plans and procedures to logically order events, steps or ideas to solve problems.
- Decompose a complex problem into manageable parts.
- Relate previously learned concepts to new concepts.
- Look for similarities among problems.
- Connect solutions of problems to more complicated large-scale situations.

Clarifications:

Teachers who encourage students to use patterns and structure to help understand and connect mathematical concepts:

- Help students recognize the patterns in the world around them and connect these patterns to mathematical concepts.
- Support students to develop generalizations based on the similarities found among problems.
- Provide opportunities for students to create plans and procedures to solve problems.
- Develop students' ability to construct relationships between their current understanding and more sophisticated ways of thinking.

- **MA.K12.MTR.6.1: Assess the reasonableness of solutions.**

Mathematicians who assess the reasonableness of solutions:

- Estimate to discover possible solutions.
- Use benchmark quantities to determine if a solution makes sense.
- Check calculations when solving problems.
- Verify possible solutions by explaining the methods used.
- Evaluate results based on the given context.

Clarifications:

Teachers who encourage students to assess the reasonableness of solutions:

- Have students estimate or predict solutions prior to solving.
- Prompt students to continually ask, "Does this solution make sense? How do you know?"
- Reinforce that students check their work as they progress within and after a task.
- Strengthen students' ability to verify solutions through justifications.

- **MA.K12.MTR.7.1: Apply mathematics to real-world contexts.**

Mathematicians who apply mathematics to real-world contexts:

- Connect mathematical concepts to everyday experiences.
- Use models and methods to understand, represent and solve problems.

- Perform investigations to gather data or determine if a method is appropriate.
- Redesign models and methods to improve accuracy or efficiency.

Clarifications:

Teachers who encourage students to apply mathematics to real-world contexts:

- Provide opportunities for students to create models, both concrete and abstract, and perform investigations.
 - Challenge students to question the accuracy of their models and methods.
 - Support students as they validate conclusions by comparing them to the given situation.
 - Indicate how various concepts can be applied to other disciplines.
- [ELA.K12.EE.1.1](#): Cite evidence to explain and justify reasoning.

Clarifications:

K-1 Students include textual evidence in their oral communication with guidance and support from adults. The evidence can consist of details from the text without naming the text. During 1st grade, students learn how to incorporate the evidence in their writing.

2-3 Students include relevant textual evidence in their written and oral communication. Students should name the text when they refer to it. In 3rd grade, students should use a combination of direct and indirect citations.

4-5 Students continue with previous skills and reference comments made by speakers and peers. Students cite texts that they've directly quoted, paraphrased, or used for information. When writing, students will use the form of citation dictated by the instructor or the style guide referenced by the instructor.

6-8 Students continue with previous skills and use a style guide to create a proper citation.

9-12 Students continue with previous skills and should be aware of existing style guides and the ways in which they differ.

- [ELA.K12.EE.2.1](#): Read and comprehend grade-level complex texts proficiently.

Clarifications:

See [Text Complexity](#) for grade-level complexity bands and a text complexity rubric.

- [ELA.K12.EE.3.1](#): Make inferences to support comprehension.

Clarifications:

Students will make inferences before the words infer or inference are introduced. Kindergarten students will answer questions like “Why is the girl smiling?” or make predictions about what will happen based on the title page. Students will use the terms and apply them in 2nd grade and beyond.

- [ELA.K12.EE.4.1](#): Use appropriate collaborative techniques and active listening skills when engaging in discussions in a variety of situations.

Clarifications:

In kindergarten, students learn to listen to one another respectfully.

In grades 1-2, students build upon these skills by justifying what they are thinking. For example: “I think _____ because _____.” The collaborative conversations are becoming academic conversations.

In grades 3-12, students engage in academic conversations discussing claims and justifying their reasoning, refining and applying skills. Students build on ideas, propel the conversation, and support claims and counterclaims with evidence.

- [ELA.K12.EE.5.1](#): Use the accepted rules governing a specific format to create quality work.

Clarifications:

Students will incorporate skills learned into work products to produce quality work. For students to incorporate these skills appropriately, they must receive instruction. A 3rd grade student creating a poster board display must have instruction in how to effectively present information to do quality work.

- [ELA.K12.EE.6.1](#): Use appropriate voice and tone when speaking or writing.

Clarifications:

In kindergarten and 1st grade, students learn the difference between formal and informal language. For example, the way we talk to our friends differs from the way we speak to adults. In 2nd

grade and beyond, students practice appropriate social and academic language to discuss texts.

- [ELD.K12.ELL.SI.1](#): English language learners communicate for social and instructional purposes within the school setting.

Course Information

General Notes

All benchmarks related to the prevention and control of disease are appropriate for the grade and age of the students and reflective of current theory, knowledge and practice, as outlined in Section 1003.46, Florida Statutes.

Provisions in Section [1003.42\(5\)](#), Florida Statutes, allow any student whose parent makes written request to the school principal to be exempted from instruction related to reproductive health or any disease, including HIV/AIDS, its symptoms, development and treatment. Each school district shall, on the district's website homepage, notify parents of this right and the process to request an exemption.

Florida's Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards

This course includes Florida's B.E.S.T. ELA Expectations (EE) and Mathematical Thinking and Reasoning Standards (MTRs) for students. Florida educators should intentionally embed these standards within the content and their instruction as applicable. For guidance on the implementation of the EEs and MTRs, please visit https://www.cpalms.org/Standards/BEST_Standards.aspx and select the appropriate B.E.S.T. Standards package. To access Mathematics Resources please visit [B.E.S.T Mathematics Resources \(fldoe.org\)](#).

English Language Development (ELD) Standards Special Notes Section:

Teachers are required to provide listening, speaking, reading and writing instruction that allows English Language Learners (ELL) to communicate for social and instructional purposes within the school setting. For the given level of English language proficiency and with visual, graphic or interactive support, students will interact with grade level words, expressions, sentences and discourse to process or produce language necessary for academic success. The ELD standard should specify a relevant content area concept or topic of study chosen

by curriculum developers and teachers which maximizes an ELL's need for communication and social skills. To access an ELL supporting document which delineates performance definitions and descriptors, please click on the following link:

<https://cpalmsmediaproduct.blob.core.windows.net/uploads/docs/standards/eld/si.pdf>.

General Information

Course Number: 3026010

Course Path: **Section:** Grades PreK to 12 Education Courses >

Grade Group: Grades 9 to 12 and Adult Education Courses >

Subject: Physical Education > **SubSubject:** Combined Courses >

Abbreviated Title: HOPE

Number of Credits: One (1) credit

Course Length: Year (Y)

Course Type: Core Academic Course

Course Level: 2

Course Status: Course Approved

Grade Level(s): 9,10,11,12

Graduation Requirement: Physical Education

Educator Certifications

One of these educator certification options is required to teach this course.

- [Family and Consumer Science \(Grades 6-12\) Plus Physical Education \(Elementary and Secondary Grades K-12\)](#)
- [Health \(Elementary and Secondary Grades K-12\) Plus Physical Education \(Elementary and Secondary Grades K-12\)](#)
- [Health Education \(Secondary Grades 7-12\) Plus Physical Education \(Elementary and Secondary Grades K-12\)](#)
- [Health Education \(Secondary Grades 7-12\) Plus Physical Education \(Grades 6-12\)](#)
- [Family and Consumer Science \(Grades 6-12\) Plus Physical Education \(Grades 6-12\)](#)
- [Health \(Elementary and Secondary Grades K-12\) Plus Physical Education \(Grades 6-12\)](#)
- [Classical Education - Restricted \(Elementary and Secondary Grades K-12\)](#)

Section 1012.55(5), F.S., authorizes the issuance of a classical education teaching certificate, upon the request of a classical school, to any applicant who fulfills the requirements of s. 1012.56(2)(a)-(f) and (11), F.S., and Rule 6A-4.004, F.A.C. Classical schools must meet the requirements outlined in s. 1012.55(5), F.S., and be listed in the [FLDOE Master School ID](#) database, to request a restricted classical education teaching certificate on behalf of an applicant.

Qualifications

This course requires dual certification in Physical Education and Health OR a teacher certified in Physical Education (6-12 or K-12) AND a teacher certified in Health (K-12), Health Education (7-12), or Family and Consumer Science (6-12).
