

The webpage this document was printed/exported from can be found at the following URL:
<https://www.cpalms.org/PreviewCourse/Preview/24487>

First grade students will expand their knowledge of family and community through explorations in history, geography, and economics and learn about their role as a citizen in their home, school and community.

The content should include, but is not limited to, the following:

American History

- Historical Inquiry and Analysis
- Historical Knowledge
- Chronological Thinking

Geography

- The World in Spatial Terms

Economics

- Beginning Economics

Civics

- Foundations of Government, Law and the American Political System
- Civic and Political Participation
- Structure and Functions of Government

African American History

- Positive Influences and Contributions by African Americans

It is important to note that special attention should also be paid to the “Remarks” and “Clarifications” which provides additional information that aids in teaching the benchmarks with fidelity and clarity.

Social Studies Grade 1

(#5021030)

Version: 2026 - And Beyond

You are not viewing the current course, please click the current year's tab.

Course Version Note

Updated course description to reflect the requirements of this course.

Course Standards

Visit the specific benchmark webpage to find related instructional resources.

- [SS.1.A.1.1](#): Develop an understanding of a primary source.
- [SS.1.A.1.2](#): Understand how to use the media center and other sources to find answers to questions about a historical topic.
- [SS.1.A.2.1](#): Understand that history tells the story of people and events of other times and places.
- [SS.1.A.2.2](#): Compare life now with life in the past.
- [SS.1.A.2.3](#): Identify celebrations and national holidays as a way of remembering and honoring past events, our nation's ethnic heritage, and the heroism and achievements of the people.
- [SS.1.A.2.4](#): Identify people from the past who have shown character ideals and principles including honesty, courage, and responsibility.
- [SS.1.A.2.5](#): Distinguish between historical fact and fiction using various materials.
- [SS.1.A.3.1](#): Use terms related to time to sequentially order events that have occurred in school, home, or community.

- [SS.1.A.3.2](#): Create a timeline based on the student's life or school events, using primary sources.
- [SS.1.AA.1.1](#):
Identify African American artists (i.e., Aretha Franklin, Charles White [Abraham Lincoln portrait artist], James Earl Jones, Maya Angelou).
- [SS.1.CG.1.1](#): Explain the purpose of rules and laws in the home, school and community.

Clarifications:

Clarification 1: Students will explain the role that rules and laws play in their daily life.

Clarification 2: Students will explain the difference between rules and laws.

- [SS.1.CG.1.2](#): Describe how the absence of rules and laws impacts individuals and the community.

Clarifications:

Clarification 1: Students will provide examples of rules and laws in their lives and in the community.

Clarification 2: Students will recognize that disorder, injustice and harm to people can occur when there is an absence of rules and laws.

- [SS.1.CG.2.1](#): Explain the rights and responsibilities students have in the school community.

Clarifications:

Clarification 1: Students will identify the rights (e.g., treated with respect, physically safe learning environment) and responsibilities (e.g., come to school on time, do not damage school property) students have as members of their school community.

Clarification 2: Students will define rights as freedoms protected by laws in society and protected by rules in the school community.

Clarification 3: Students will define responsibilities as things citizens should do to benefit the community.

- [SS.1.CG.2.2:](#) Describe the characteristics of citizenship in the school community.

Clarifications:

Clarification 1: Students will identify characteristics of responsible citizenship (e.g., respect others' property, treat people with dignity, care for environment, treat animals with kindness).

Clarification 2: Students will identify characteristics of irresponsible citizenship (e.g., damaging school property, bullying).

- [SS.1.CG.2.3:](#) Recognize ways citizens can demonstrate patriotism.

Clarifications:

Clarification 1: Students will discuss appropriate ways to show respect during the Pledge of Allegiance and National Anthem (e.g., stand at attention, face the flag, pause conversations).

Clarification 2: Students will discuss how to show respect for the American flag (e.g., how to properly display and dispose of the American flag).

Clarification 3: Students will discuss how to demonstrate patriotism during patriotic holidays and observances (e.g., American Founders Month, Celebrate Freedom Week, Constitution Day, Independence Day, Martin Luther King Jr. Day, Medal of Honor Day, Memorial Day, Patriot Day, Veterans Day).

- [SS.1.CG.2.4:](#) Recognize symbols and individuals that represent the United States.

Clarifications:

Clarification 1: Students will recognize the national motto, "In God We Trust" and the phrase, "We the People" as symbols that represent the United States.

Clarification 2: Students will recognize Benjamin Franklin, George Washington, Daniel Webster, and Martin Luther King Jr. as individuals who represent the United States.

- [SS.1.CG.2.5:](#) Recognize symbols and individuals that represent Florida.

Clarifications:

Clarification 1: Students will recognize that the state motto (“In God We Trust”) and the state day (Pascua Florida Day) are symbols that represent Florida.

Clarification 2: Students will identify the current Florida governor and recognize the governor as an individual who represents the state.

- [SS.1.CG.3.1](#): Recognize that the United States and Florida have Constitutions.

Clarifications:

Clarification 1: Students will define a constitution as an agreed-upon set of rules or laws.

Clarification 2: Students will recognize that the U.S. Constitution starts with “We the People.”

- [SS.1.CG.3.2](#): Explain responsible ways for individuals and groups to make decisions.

Clarifications:

Clarification 1: Students will demonstrate characteristics of responsible decision-making.

Clarification 2: Students will explain how multiple perspectives contribute to the unity of the United States.

- [SS.1.E.1.1](#): Recognize that money is a method of exchanging goods and services.
- [SS.1.E.1.2](#): Define opportunity costs as giving up one thing for another.
- [SS.1.E.1.3](#): Distinguish between examples of goods and services.
- [SS.1.E.1.4](#): Distinguish people as buyers, sellers, and producers of goods and services.
- [SS.1.E.1.5](#): Recognize the importance of saving money for future purchases.
- [SS.1.E.1.6](#): Identify that people need to make choices because of scarce resources.
- [SS.1.G.1.1](#): Use physical and political/cultural maps to locate places in Florida.
- [SS.1.G.1.2](#): Identify key elements (compass rose, cardinal directions, title, key/legend with symbols) of maps and globes .

- [SS.1.G.1.3](#): Construct a basic map using key elements including cardinal directions and map symbols.
- [SS.1.G.1.4](#): Identify a variety of physical features using a map and globe.
- [SS.1.G.1.5](#): Locate on maps and globes the student's local community, the state of Florida, the Atlantic Ocean, and the Gulf of America (formerly Gulf of Mexico).
- [SS.1.G.1.6](#): Describe how location, weather, and physical environment affect the way people live in our community.
- [MA.K12.MTR.1.1](#): **Actively participate in effortful learning both individually and collectively.**

Mathematicians who participate in effortful learning both individually and with others:

- Analyze the problem in a way that makes sense given the task.
- Ask questions that will help with solving the task.
- Build perseverance by modifying methods as needed while solving a challenging task.
- Stay engaged and maintain a positive mindset when working to solve tasks.
- Help and support each other when attempting a new method or approach.

Clarifications:

Teachers who encourage students to participate actively in effortful learning both individually and with others:

- Cultivate a community of growth mindset learners.
- Foster perseverance in students by choosing tasks that are challenging.
- Develop students' ability to analyze and problem solve.
- Recognize students' effort when solving challenging problems.
- [MA.K12.MTR.2.1](#): **Demonstrate understanding by representing problems in multiple ways.**

Mathematicians who demonstrate understanding by representing problems in multiple ways:

- Build understanding through modeling and using manipulatives.
- Represent solutions to problems in multiple ways using objects, drawings, tables, graphs and equations.
- Progress from modeling problems with objects and drawings to using algorithms and equations.
- Express connections between concepts and representations.
- Choose a representation based on the given context or purpose.

Clarifications:

Teachers who encourage students to demonstrate understanding by representing problems in multiple ways:

- Help students make connections between concepts and representations.
- Provide opportunities for students to use manipulatives when investigating concepts.
- Guide students from concrete to pictorial to abstract representations as understanding progresses.
- Show students that various representations can have different purposes and can be useful in different situations.

• MA.K12.MTR.3.1: **Complete tasks with mathematical fluency.**

Mathematicians who complete tasks with mathematical fluency:

- Select efficient and appropriate methods for solving problems within the given context.
- Maintain flexibility and accuracy while performing procedures and mental calculations.
- Complete tasks accurately and with confidence.
- Adapt procedures to apply them to a new context.
- Use feedback to improve efficiency when performing calculations.

Clarifications:

Teachers who encourage students to complete tasks with mathematical fluency:

- Provide students with the flexibility to solve problems by selecting a procedure that allows them to solve efficiently and accurately.

- Offer multiple opportunities for students to practice efficient and generalizable methods.
- Provide opportunities for students to reflect on the method they used and determine if a more efficient method could have been used.
- **MA.K12.MTR.4.1: Engage in discussions that reflect on the mathematical thinking of self and others.**

Mathematicians who engage in discussions that reflect on the mathematical thinking of self and others:

- Communicate mathematical ideas, vocabulary and methods effectively.
- Analyze the mathematical thinking of others.
- Compare the efficiency of a method to those expressed by others.
- Recognize errors and suggest how to correctly solve the task.
- Justify results by explaining methods and processes.
- Construct possible arguments based on evidence.

Clarifications:

Teachers who encourage students to engage in discussions that reflect on the mathematical thinking of self and others:

- Establish a culture in which students ask questions of the teacher and their peers, and error is an opportunity for learning.
- Create opportunities for students to discuss their thinking with peers.
- Select, sequence and present student work to advance and deepen understanding of correct and increasingly efficient methods.
- Develop students' ability to justify methods and compare their responses to the responses of their peers.
- **MA.K12.MTR.5.1: Use patterns and structure to help understand and connect mathematical concepts.**

Mathematicians who use patterns and structure to help understand and connect mathematical concepts:

- Focus on relevant details within a problem.
- Create plans and procedures to logically order events, steps or ideas to solve problems.

- Decompose a complex problem into manageable parts.
- Relate previously learned concepts to new concepts.
- Look for similarities among problems.
- Connect solutions of problems to more complicated large-scale situations.

Clarifications:

Teachers who encourage students to use patterns and structure to help understand and connect mathematical concepts:

- Help students recognize the patterns in the world around them and connect these patterns to mathematical concepts.
- Support students to develop generalizations based on the similarities found among problems.
- Provide opportunities for students to create plans and procedures to solve problems.
- Develop students' ability to construct relationships between their current understanding and more sophisticated ways of thinking.

• **MA.K12.MTR.6.1: Assess the reasonableness of solutions.**

Mathematicians who assess the reasonableness of solutions:

- Estimate to discover possible solutions.
- Use benchmark quantities to determine if a solution makes sense.
- Check calculations when solving problems.
- Verify possible solutions by explaining the methods used.
- Evaluate results based on the given context.

Clarifications:

Teachers who encourage students to assess the reasonableness of solutions:

- Have students estimate or predict solutions prior to solving.
- Prompt students to continually ask, "Does this solution make sense? How do you know?"
- Reinforce that students check their work as they progress within and after a task.
- Strengthen students' ability to verify solutions through justifications.

• **MA.K12.MTR.7.1: Apply mathematics to real-world contexts.**

Mathematicians who apply mathematics to real-world contexts:

- Connect mathematical concepts to everyday experiences.
- Use models and methods to understand, represent and solve problems.
- Perform investigations to gather data or determine if a method is appropriate.
- Redesign models and methods to improve accuracy or efficiency.

Clarifications:

Teachers who encourage students to apply mathematics to real-world contexts:

- Provide opportunities for students to create models, both concrete and abstract, and perform investigations.
- Challenge students to question the accuracy of their models and methods.
- Support students as they validate conclusions by comparing them to the given situation.
- Indicate how various concepts can be applied to other disciplines.

- ELA.K12.EE.1.1: Cite evidence to explain and justify reasoning.

Clarifications:

K-1 Students include textual evidence in their oral communication with guidance and support from adults. The evidence can consist of details from the text without naming the text. During 1st grade, students learn how to incorporate the evidence in their writing.

2-3 Students include relevant textual evidence in their written and oral communication. Students should name the text when they refer to it. In 3rd grade, students should use a combination of direct and indirect citations.

4-5 Students continue with previous skills and reference comments made by speakers and peers. Students cite texts that they've directly quoted, paraphrased, or used for information. When writing, students will use the form of citation dictated by the instructor or the style guide referenced by the instructor.

6-8 Students continue with previous skills and use a style guide to create a proper citation.

9-12 Students continue with previous skills and should be aware of existing style guides and the ways in which they differ.

- [ELA.K12.EE.2.1](#): Read and comprehend grade-level complex texts proficiently.

Clarifications:

See [Text Complexity](#) for grade-level complexity bands and a text complexity rubric.

- [ELA.K12.EE.3.1](#): Make inferences to support comprehension.

Clarifications:

Students will make inferences before the words infer or inference are introduced. Kindergarten students will answer questions like “Why is the girl smiling?” or make predictions about what will happen based on the title page. Students will use the terms and apply them in 2nd grade and beyond.

- [ELA.K12.EE.4.1](#): Use appropriate collaborative techniques and active listening skills when engaging in discussions in a variety of situations.

Clarifications:

In kindergarten, students learn to listen to one another respectfully.

In grades 1-2, students build upon these skills by justifying what they are thinking. For example: “I think _____ because _____.” The collaborative conversations are becoming academic conversations.

In grades 3-12, students engage in academic conversations discussing claims and justifying their reasoning, refining and applying skills. Students build on ideas, propel the conversation, and support claims and counterclaims with evidence.

- [ELA.K12.EE.5.1](#): Use the accepted rules governing a specific format to create quality work.

Clarifications:

Students will incorporate skills learned into work products to produce quality work. For students to incorporate these skills appropriately, they must receive instruction. A 3rd grade student creating a poster board display must have instruction in how to effectively present information to do quality work.

- [ELA.K12.EE.6.1](#): Use appropriate voice and tone when speaking or writing.

Clarifications:

In kindergarten and 1st grade, students learn the difference between formal and informal language. For example, the way we talk to our friends differs from the way we speak to adults. In 2nd grade and beyond, students practice appropriate social and academic language to discuss texts.

- [ELD.K12.ELL.SI.1](#): English language learners communicate for social and instructional purposes within the school setting.
- [ELD.K12.ELL.SS.1](#): English language learners communicate information, ideas and concepts necessary for academic success in the content area of Social Studies.
- [HE.1.R.2.1](#): Identify my role and responsibilities in the school, community, and family.

Clarifications:

Clarification 1: Instruction includes following directions, rules, and procedures.

- [HE.1.R.2.3](#): Identify the characteristics of a responsible decision maker.

Course Information

General Notes

Required Instruction:

[Section 1003.42, Florida Statutes](#), outlines the topics that must be taught in Florida's public schools as part of required instruction. The Florida Department of Education supports districts in fulfilling these requirements through guidance, resources and tools to ensure students receive instruction that promotes civic responsibility, character development, historical understanding and digital safety.

This course satisfies statutory requirements for required instructional components:

- United States Constitution 42(2)(b)
- Flag Education Statute: 1003.42(2)(d)
- Elements of Civil Government 1003.42(2)(e)
- History of the United States 1003.42(2)(f)
- History of African Americans 1003.42(2)(h)

- Kindness to Animals 1003.42(2)(l)
- Civic and Character Education 1003.42(2)(t)
- Veterans/Memorial and Medal of Honor Day 1003.42(2)(u)

Mathematics Thinking and Reasoning Standards (MTRs)

The MTRs are built on the following premises:

- Florida's state academic standards for social studies are taught through the lens of the MTRs; the MTRs are embedded throughout every lesson;
- language of the MTRs are expectations for students to use as self-monitoring tools during instruction every day;
- ensures that students are engaged, persevere in tasks, share their thinking, balance conceptual understanding and procedures, assess their solutions and make connections to previous and extended knowledge/learning; and
- standards should not stand alone as a separate focus for instruction, but should be combined purposefully.

English Language Arts (ELA) Expectations (EEs)

- The ELA Expectations are those overarching skills that run through every component of instruction.
- These are skills that students should be using throughout the instruction of Florida's state academic standards for social studies.

For guidance on the implementation of the EEs, please visit [ELA B.E.S.T. STANDARDS: ENGLISH LANGUAGE ARTS](#). To access Mathematics Resources please visit [B.E.S.T Mathematics Resources \(fldoe.org\)](#).

English Language Development (ELDs)

- The ELDs are adopted from the World-Class Instruction Design and Assessment Consortium or WIDA.
- The standards represent the social, instructional and academic language that students need to engage with peers, educators and the curriculum in schools.

General Information

Course Number: 5021030

Course Path: **Section:** Grades PreK to 12 Education Courses >

Grade Group: Grades PreK to 5 Education Courses > **Subject:**

Social Studies > **SubSubject:** General >

Abbreviated Title: SOC STUDIES 1

Course Length: Year (Y)

Course Attributes:

- Class Size Core Required

Course Type: Core Academic Course

Course Status: Course Approved

Grade Level(s): 1

Educator Certifications

One of these educator certification options is required to teach this course.

- [Elementary Education \(Elementary Grades 1-6\)](#)
- [Primary Education \(K-3 - No Longer Issued\)](#)
- [Social Studies \(Elementary Grades 1-6\)](#)
- [Prekindergarten/Primary Education \(Age 3 through Grade 3\)](#)
- [Elementary Education \(Grades K-6\)](#)
- [Classical Education - Restricted \(Elementary and Secondary Grades K-12\)](#)

Section 1012.55(5), F.S., authorizes the issuance of a classical education teaching certificate, upon the request of a classical school, to any applicant who fulfills the requirements of s. 1012.56(2)(a)-(f) and (11), F.S., and Rule 6A-4.004, F.A.C. Classical schools must meet the requirements outlined in s. 1012.55(5), F.S., and be listed in the [FLDOE Master School ID](#) database, to request a restricted classical education teaching certificate on behalf of an applicant.
